## JUVENILE INSTITUTION DIRECTORS MEET

The Bott Memorial Center is to be host to the annual conference of directors of forty-five Christian social welfare institutions for juveniles on November 18-20. Dr. Masatoku Doi, advisor to the Family Affairs Bureau of the Supreme Court will address the conference, Director Seiji Giga will report on his recent trip to Europe and America and Dr. Mills, director of the Christian Children's Fund, will be present.

## BIBLE STUDY IN CHRISTIAN SCHOOLS IN DANGER

The Education Ministry's plan to increase required courses in high schools (9-12 grades) is causing considerable concern in Christian education circles. The Education Association of Christian Schools would like to have the number of required subjects kept to a minimum because the larger the number of required hours the less attention the students can give to Bible study and related subjects. Thus, inspite of the newly acquired freedom, Bible study will tend to be crowded out. To prevent this the Association is presenting counter proposals to the Ministry.

### WORLD SS CONVENTION PREPARATIONS

Although the World Sunday School Convention is still twenty months away, plans for accommodating the expected twenty-five hundred delegates are being laid in considerable detail. Hotels are being reserved for guests through the Japan Hotel Association and transportation problems are being worked out with local authorities including the Japan Travel Bureau. The 14th World Sunday School Convention will be the largest ever held in Tokyo and with housing and transportation facilities overtaxed by the normal demands of this growing city, it will extremely difficult to arrange matters so that life in the downtown area will not be completely disrupted by the foreign guests and some three thousand or more Japanese who will come to Tokyo for the convention.

### CONFERENCE ON YOUTH PROBLEM

The Home New Life Movement Commission of the National Christian Council held a National Conference at the Kofukaku in Ito, November 7-8, to discuss "Youth Problems and the Churches' Responsibilities." More than sixty persons attended, including Mr. Koji Horie, chairman of the Education Department of the Japan Episcopal Church, Mr. Toyotake Kubota, Chairman of the Youth Evangelism Committee of the United Church of Christ in Japan, and Mr. Kozen Sho, head of the Education Department of the Korean Christian Church in Japan.

Following the worship service conducted by Dr. Michio Kozaki, Judge Hiroshi Ando of the Tokyo Domestic Court spoke on "Present day Youth Problems," after which the discussion was led by the Reverend Shitaro Imai, Principal of the Katei Gakko, a home school for boys, and Miss Tamiko Yamamuro of the Salvation Army. On the second day the Reverend Tokuzo Hiraga, Director of the Institute on the Mission of the United Church, addressed the conference on "The Responsibility of the Churches and Youth Problems in the Modern World."

### DR. FREDERICK WISLOFF IN JAPAN

Dr. Frederick Wisloff, President of the Norwegian Home Missions arrived at Haneda airport on October 30 for a three-months visit to this country. ### BIBLE SALES MOUNT

The Japan Bible Society has announced that 1,831,000 copies of the Bible, including portions, were sold during the fiscal year ending October 31, 1956. This is well over the Society's goal of 1,8 millions, but under the previous year's total of 1,872,000. However, that total included 350,000 for free distribution, so that this year's actual sales are well over sales for the previous years.
